- 826 Mamod live steam Stationary Engines (4), comprising an uncommon pre-war Mamod engine with brass flywheel, F, lacks boiler and safety valve, a later SE1 engine complete with burner, G, damage to boiler by whistle mounting, a similar spare boiler is included, and a Mamod for Meccano engine on yellow base, in part of original box, G-VG, box P (3 + spare boiler)
£140-180
- 827 Four Mamod-for-Meccano Stationary Steam Engines for restoration or spares (4), all in partially dismantled state, all in poor condition but all major components present, two spirit burners included, all P-F (4)
£70-100
- 828 A Mamod ME1 Marine Steam Engine, on red base with stern tube from angled engine unit, engine VG, appears unused, together with a spirit burner (which clearly has been used) and instructions for the later 'ME3' engine
£140-180
- 829 A group of Three 'Burnac' Vertical Stationary Engines (3), one in original box base, F-G, paintwork good but crankshaft broken at flywheel end, the second appears essentially workable, the third lacks cylinder, so P, could make 2 workable but only 1 chimney, safety valve and burner (3)
£70-100
- 830 A group of Stationary Steam Engines by SEL and Latimer Productions for renovation (qty), nominally two '1540' engines, two '1530' types and parts of several others, none appear complete, with an SEL saw bench and part of another, together with a boxed Latimer 'L.5' engine - appears G, complete except whistle, box P but includes uncommon nicely-labelled lid, with base and boiler of a similar engine and another boiler unidentified (qty)
£80-120

Popular Trains Auction (All Gauges), 25th Mar, 2025 - 26th Mar, 2025

- 831 Workshop Tools for steam engines by Mamod and Others (qty), including stamping machine, grinder and steam hammer in green/red (the latter with early large brass flywheel), another stamping m/c and hammer in blue, and parts of a lineshaft, with a pressed tin two-stamp machine (possibly Eastern bloc), and some older tools including grinding wheel with water trough, large grinder on heavy grey base, a lead-framed circular saw on hardwood base, and a fine but incomplete lathe bed with tailstock only, varying F-VG (qty)
£80-120
- 832 A pair of Mamod SE3 twin-cylinder Stationary Engines (4), both with water gauge glass to rear of boiler, one G, essentially complete but with some minor damages, the other P, with considerable rusting, chimney and whistle parts missing, the pair come with one long-type spirit burner and one extra-long solid fuel burner tray (4 inc burners)
£100-140
- 833 Mamod MM1 and other Stationary Engines and components (qty), including two largely-complete MM1 engines, 7 more MM1 boilers, crankshafts, disc cranks, and many other parts (with work, to make about 5 complete engines), together with a flat-packed early MM1 box, and various parts of MM2 and SE-type engines - flywheels, three cylinder/piston assemblies and other parts (qty)
£100-140
- 834 Mamod live steam Road Vehicles (2), a boxed SR1a spirit-fired Steam Roller, G-VG, box P-F, together with a slightly later TE1a Traction Engine with solid fuel tray and water gauge to boiler, also G-VG (2)
£120-160
- 835 Mamod live steam Road Vehicles (4), an early SR1 spirit-fired Steam Roller with unregulated cylinder and aluminium rolls, F, lacks whistle, level plug, burner and drive band, with a slightly later TE1a Traction Engine, G-VG, complete, and a scruffy SW1 steam wagon in blue with solid fuel tray and water gauge to boiler, F, missing drive bands, general rusting and grubby, and one steering extension (4)
£120-160
- 836 Mamod live steam Road Vehicle restoration projects (qty), two TE1a Traction Engines in part-dismantled state, P-F, all major parts present but some smaller ones missing, and a scruffy steam Roadster with level plug to boiler, P-F, with drive bands, general rusting and grubby, together with a few spare parts (lamps and boiler casings) for the restoration project (qty)
£120-160
- 837 A large assortment of Mamod steam Road Vehicle components (qty), some modified or repainted, including 7 boilers (mostly TE), fireboxes, smokeboxes, TE and SW wheels and flywheels in various colours, TE canopies (some extended), SW chassis, cab and body parts, a bag of smaller components including crankshafts, cylinders, whistles etc, and many other parts, no complete engines, varying P-G (qty)
£120-160
- 838 A Bassett-Lowke double-barrel Boiler and assorted small Oscillating 'Marine' Engines (qty), the boiler approx 6" long x 4" wide, with original spirit burner and safety valve F-G (lacks chimney and level plug), as shown in the B-L catalogue included in the lot (P-F), together with two small 'S.T.' type oscillating engines seen in the same catalogue and an incomplete 3rd example, another complete vertical engine with sleeved crankpin bearing and parts of another (different) engine, mostly G-VG (qty)
£100-140
- 839 Home-made and Commercial model Steam Engines and Boilers (6), a copper vertical boiler on a copper base-plate (drilled for Meccano) with small oscillating engine (s.v. and cylinder appear commercial parts), a home-made horizontal copper boiler approx 5" long with brass cladding and firebox, a very 'chunky' home-made vertical oscillating engine approx 4" high, a commercial - probably Bing - horizontal engine stamped '0.1589' under frame, for over-mounting with eccentric-worked piston valve and 3" flywheel, the cast iron base of another engine stamped 'GB 1189', and a bag of mostly brass parts from another engine, varying P-G (6)
£80-120
- 840 A collection of small Engineering Tools materials and components (qty), including a copper centre-flue boiler, a paraffin pressure burner, a moderate quantity of Meccano, various 'stock materials' (tubes, bar and sheet), several small thread taps, wheel and cylinders for the Hemmens (or similar) circa 1970s repro 'Piddlers', a clockwork Metronome mechanism with bell (working) and numerous assorted components, varying P-VG (qty)
£50-70

Popular Trains Auction (All Gauges), 25th Mar, 2025 - 26th Mar, 2025

- 841 A neatly-made Stewart-Turner based twin-cylinder Vertical Steam Engine, finished in green and black with aluminium casings to the cylinders, standing approx 6" high from the hard-wood base, the engine fitted with brass flywheel appears to be non-reversing and intended for Marine application, overall VG, a little oily, appears to have seen some use
£140-200
- 842 Stewart Turner No 10V Steam Engines (qty), including one which appears to have been completed, finished in green and black, presently dismantled but appears substantially complete; with parts of two others, both incomplete but including various ready-machined parts and others in rough form, mostly G (qty)
£70-100
- 843 Stewart Turner No 10H and other Rough-Cast Steam Engine Components (qty in 2 boxes), appears to include basic castings for two 10H horizontal engines, each with twin flywheels, parts of a 10V engine (missing engine bed), main components of a 'Double 10 Vertical', a spare double 10V bedplate and boxbed, and main parts of a slightly larger No. 7V engine, a punnet of additional parts (including some brass components, which may or may not be related to the above, and an unmade/unmachined 7H kit with instructions, appears to include most parts but not checked exhaustively (qty in 2 boxes)
£70-100
- 844 A part-made Stewart Turner No 1 Vertical Engine (qty), with assembled base, uprights, slide bars and crankshaft, rough-cast cylinder and valves to finish, with large 7" flywheel, two boxes of smaller parts which may or may not relate to this engine, some additional parts may be required to complete this engine, together with (unrelated) drawings for a Stewart beam engine (parts not found!)
£70-100
- 845 Two part-dismantled Stewart No 500 'Babcock' Boilers (qty), both with firebox frames largely dismantled, the boilers themselves of copper, approx 8" long, and both complete with pressure gauge, water gauge, safety valve and steam regulator valves, includes cast end plates and side frames to fireboxes, some steel stays missing, both appear G, one very sooty, no burners included (qty)
£100-140
- 846 A larger Bassett-Lowke 'Babcock' type Boiler, Believed made by Stewart Turners for B-L, appears essentially complete except water gauge glass, the cast firebox frames with brick effect to sides and 'WJBL' to end doors, boiler diameter 3", length 9", with steam valve, safety valve and pressure gauge, appears G, some small dents to top of boiler, no history available
£100-140
- 847 A part-made 2" Scale Model Engineer 'Light Compound Steam Tractor' (qty), to designs by John Haining published in M.E. in 1977-8 (from part 7 onwards included in the lot), the engine as so far built includes all four wheels, axles, tender, smokebox, final drive gears, chimney, and a welded steel boiler, untested; cylinders/valves, water pump etc etc not included, so there is still much to do, but off to a good start! Most work appears to be to a good standard, though a professional view on the boiler is recommended. Lot includes ME volume for 1978 and a book on live steam Traction Engine building, mostly G (qty)
£220-300
- 848 An incomplete Frames and Motion of a 2.5" Gauge 4-8-4 Locomotive, in essence a rolling chassis, which has clearly seen some previous use, presently a 4-8-0, with 3 cylinders and divided drive to the leading two axles, detached parts included are the coupling and connecting rods, return cranks for outside valves, pressure gauge, smokebox door, firebars, axle boxes and dummy springs (presumably for tender?) and an apparently new/unused cast bronze rear bogie frame, parts present generally G-VG, style of wheels, cylinders and motion implies an original prototype of British export/Colonial origin, possibly Australia or NZ? (qty)
£220-300
- 849 Hornby Railways 3.5 inch Gauge live Steam Locomotive kit, includes wheels, boiler, Cylinders, Gears, Springs and other parts many sealed in packets, unchecked for completeness, G
£40-80
- 850 Mamod/Meccano trio of Steam items (3), Minor 2 with burner in plain labelled box, SE1 Steam plant with single cylinder and flywheel, includes burner in box base, both would benefit from a clean, unboxed Meccano MEC1 Steam engine, F (3)
£50-70

Popular Trains Auction (All Gauges), 25th Mar, 2025 - 26th Mar, 2025

- 851 Bassett lowke/Hornby mixed 0 Gauge and Gauge 2 items (15), consisting of a Bassett Lowke Gauge 2 8-wheel MR open wagon, incomplete brake van, 6-wheel rolling chassis with outside cylinders, copper tube, 13 packets of rail chairs plus a quantity of bagged chairs, Hornby 4-4-4 Loco body, detached mech and Bogie / pony wheel sets, P-F, (Qty)
£30-50
- 852 Hornby Railways 3.5 inch Gauge live Steam Locomotives (3), G100 2-2-0 Loco (Note Loco only) yellow and black 'Rocket', Live steam, *3, all with Chassis, Boiler, Wheels, Cylinders, lacks a number of parts, G, (3)
£80-120
- 853 Scratch built miscellaneous group of Locomotive body and parts etc (qty), Gauge 1 black Tank loco, professionally built and painted, Live steam boiler, Burner unit, Gauge 1 6-wheel set with axles, front bogie unit, cast wheels, 2.5 inch Gauge 4-wheel scratch built coach and other items, F-G (Qty)
£40-80
- 854 Reeves parts /Scratch built 2.5 inch Gauge 4-4-0 Loco & Tender, incomplete Loco & Tender with rolling chassis with twin external cylinders, with fluted wheel rods, sprung axles/wheels, Copper boiler with boiler plating, 6-wheel Tender with internal hand pump. Part painted in red, requires parts and some work to complete, F
£150-200
- 855 Mamod boxed SE 2 Stationary Steam Engine, with burner, single cylinder and flywheel on red base, in original box, G, grubby although appears unused/tested only, box P-F
£30-50
